The **WHITEHALL EDUCATION FOUNDATION** is a 509 (a)(3) non-profit organization, established in 2004 for the purpose of complementing the mission, vision, and goals of the **Whitehall City Schools**.

The Foundation's Board Membership consists of alumni, community representatives, as well as school leadership in order to provide the governance and oversight of the organizations initiatives and activities.

The Foundation provides funding support to students and teachers through classroom grants as well as school enhancement initiatives.

Additionally, the Foundation serves as a conduit for several scholarship opportunities provided by community supporters that are intended to assist Whitehall-Yearling High School graduates with furthering their educational and career experiences.

SCHOOLS

The **WHITEHALL EDUCATION FOUNDATION** provides a pathway that enhances the educational achievements of students and ongoingly impacts the experiences of educators throughout the district.

The Foundation has provided years of classroom grants, supported technology needs to enhance virtual-learning access, supplemented new facility development by purchasing custom auditorium seats at Whitehall-Yearling High School, and will explore additional ways to assist teachers and students for years to come.

The **WHITEHALL EDUCATION FOUNDATION** also works closely with the district's leadership in effort to identify and support the needs of teachers and students throughout the academic year.

STUDENTS

The **WHITEHALL EDUCATION FOUNDATION** assists in the administration of scholarship funds that are provided by various community interests and family charities.

Scholarship recipients must meet criteria such as: academic achievement, financial need, and college or career interests.

Students are encouraged to contact their guidance counselors to secure the scholarship application forms for which they may wish to apply.
